

## Code of Practice for Internet Use (Prep - Year 4)

I agree to allow my child to access the Internet. I expect that adequate supervision will always be available when my child is using the Internet.

Students in years Prep to 4 will not be using individual email accounts. I understand that all incoming email correspondence to the class, or any member of the class, will be approved by a member of the school staff before being given to students.

I have explained to my child that he/she should turn off the screen and inform the teacher if he/she encounters any material on the web that makes him/her feel uncomfortable at any time.

My child is aware that he/she should never give out personal information, including their phone number, last name or home address when using the Internet.
